BSCRS SPRING MEETING

2025

SATURDAY
MAY 24
in Bruges

CONTROVERSIES AND INNOVATIONS
IN CATARACT AND REFRACTIVE SURGERY
Current Approaches in Corneal Disease

Organised by

BSCRS
BCLSO

in collaboration with

OBAO Organisation of Belgian Residents in Ophthalmology
Be-Cornea Belgian corneal specialists

Dear Colleagues,

It is our pleasure to invite you to the **BSCRS-BCLSO Spring Meeting 2025**. The meeting will take place on Saturday, May 24, 2025, in the beautiful and historic city of Bruges at BMCC (Bruges Meeting and Convention Centre). The topic of the meeting will be **Controversies and Innovations in Cataract and Refractive Surgery – Current Approaches in Corneal Disease**.

This meeting is designed to provide a high-quality educational program, featuring scientific sessions with expert speakers. In addition to these sessions, there will be a video session on anterior segment surgery and a Scientific Posters Session, including a Best Poster Prize (a separate email will follow with the Call for Poster Abstracts). A **preliminary program** is available on the next page. The day will conclude with a Farewell Reception.

Alongside the scientific program, there will be an Industry Exhibition Area where leading companies will showcase the latest innovations and technologies in cataract, refractive, and corneal surgery.

We look forward to welcoming you to Bruges for an inspiring scientific exchange and a memorable social event.

BSCRS board

Dr. Guy Sallet - President

Dr. Benoît Golenvaux - Vice-President

Dr. Nashwan Al-Sabai - General Secretary

Prof. Dr. Marie-José Tassignon - Treasurer

PRELIMINARY PROGRAM

PRELIMINARY SCIENTIFIC PROGRAMME

Controversies and Innovations in Cataract and Refractive Surgery
Current Approach in Corneal Diseases

Programme directors: Dr. Bart Pion, Dr. Sorcha Ni Dhubhghaill, Dr. Guy Sallet

09:00 Welcome and opening remarks

Advances in Intra-ocular Lenses: Exploring the Future09:05 - 10:10

09:05	Evaluation of binocular vision in Refractive Surgery	Godts D
09:20	Functional classification of IOL's	Crahay FX
09:35	Zonal Refractive IOL	Vincke B
09:45	Innovations in diffractive designs	Chapelle JF
09:55	Spirale profile IOL	Sallet G
10:05	Discussion	

Innovation in Surgical Techniques for Cataract Surgery10:10-10:30

10:10	Automated Lens Fragmentation	Al-Sabai N
10:20	Indications for Removing Vitreal Disturbance to Improve Vision	Pion B
10:30	Discussion	

10:35 - 11:00 Coffee break

Current approach in corneal diseases (Be-Cornea)11:00-12:30

Chairs: Termote K and Salik D

INFECTIONS

11:00	Management of herpetic keratitis: Zoster Eye Disease Study	Duchesne B
11:08	The role of corticosteroids in the management of bacterial keratitis	Claerhout I
11:16	Treatment of Acanthamoeba keratitis	Saelens I
11:24	Discussion	

INFLAMMATIONS

11:30	Chronic cicatrizing conjunctivitis: diagnosis and management	Makhoul J
11:38	Chemical Burns: management	Bradly K
11:46	Cancer of the ocular surface: what should I refer?	Bartoszek P
11:54	Discussion	

TRANSPLANTATION

12:00	My patient has Fuchs dystrophy – can I do the cataract?	De Craene S
12:08	International Expert Speaker: Getting started with CAIRS	Khayat B
12:24	Discussion	

12:30 BSCRS General assembly

12.50- 14:00 Lunch

continues > ...

PRELIMINARY SCIENTIFIC PROGRAMME

Controversies and Innovations in Cataract and Refractive Surgery
Current Approach in Corneal Diseases

Programme directors: Dr. Bart Pion, Dr. Sorcha Ni Dhubhghaill, Dr. Guy Sallet

Comparing Refractive Techniques for Presbyopia Management14:00-15:00

14:00	Presbyopia correction with posterior-chamber phakic IOL	Sallet G
14:15	Corneal-based presbyopia correction and its application post-LASIK	De Wilde F
14:30	Multifocal IOL: A debate on age and efficacy	Rakic JM / Van Cauwenberge F
14:45	Discussion	

OBAO Free Paper Session : Overview of Belgian Anterior Segment Research15:00-15:30

Free Papers

15:30 - 16:00 Coffee break

VIDEO SESSION: Crack the case: extreme cases and how to solve them16:00-16:45

16:00	La lumière accepte bien de passer par de petites fenêtres ...	Goes F
16:11	Phacolytic black cataract	Derveaux T
16:22	Treatment of high post-traumatic astigmatism	De Clerck I
16:33	Management of irisdefects combined with cataract surgery	Saelens I

16:45 Closing Remarks

17:00 Farewell reception
