BSCRS SPRING MEETING

2025

SATURDAY
MAY 24
in Bruges

CONTROVERSIES AND INNOVATIONS IN CATARACT AND REFRACTIVE SURGERY Current Approaches in Corneal Disease

Organised by

BSCRS
BCLSO

in collaboration with

OBAO Organisation of Belgian Residents in Ophthalmology
Be-Cornea Belgian corneal specialists

Dear Colleagues,

It is our pleasure to invite you to the **BSCRS-BCLSO Spring Meeting 2025**. The meeting will take place on Saturday, May 24, 2025, in the beautiful and historic city of Bruges at BMCC (Bruges Meeting and Convention Centre). The topic of the meeting will be **Controversies and Innovations in Cataract and Refractive Surgery – Current Approaches in Corneal Disease**.

This meeting is designed to provide a high-quality educational program, featuring scientific sessions with expert speakers. In addition to these sessions, there will be a video session on anterior segment surgery and a Scientific Posters Session, including a Best Poster Prize (a separate email will follow with the Call for Poster Abstracts). A **preliminary program** is available on the next page. The day will conclude with a Farewell Reception.

Alongside the scientific program, there will be an Industry Exhibition Area where leading companies will showcase the latest innovations and technologies in cataract, refractive, and corneal surgery.

We look forward to welcoming you to Bruges for an inspiring scientific exchange and a memorable social event.

BSCRS board

Dr. Guy Sallet - President

Dr. Benoît Golenvaux - Vice-President

Dr. Nashwan Al-Sabai - General Secretary

Prof. Dr. Marie-José Tassignon - Treasurer

Kick off the event with the

The scientific meeting will be preceded by the BSCRS Golf Tournament on Friday, May 23, 2025, from 09:00 to 13:00, followed by lunch at the exclusive Royal Golf Club of Belgium – Ravenstein (www.rgcb.be).

Fee: €50 (includes lunch)

Golf Registration* Deadline: March 31, 2025

* Only golfers registered for the Spring Meeting can participate in the tournament.
Limited access - first come, first served.

Controversies and Innovations in Cataract and Refractive Surgery Current Approach in Corneal Diseases

Programme directors: Dr. Bart Pion, Dr. Sorcha Ni Dhubhghaill, Dr. Guy Sallet

09:00 Welcome and opening remarks

Advances in Intra-ocular Lenses: Exploring the Future 09:05 - 10:10

09:05 Evaluation of binocular vision in Refractive Surgery
09:20 Functional classification of IOL's
09:35 Zonal Refractive IOL
09:45 Innovations in diffractive designs
09:55 Spirale profile IOL
10:05 Discussion

Innovation in Surgical Techniques for Cataract Surgery 10:10-10:30

10:10 Automated Lens Fragmentation
10:20 Indications for Removing Vitreal Disturbance to Improve Vision
10:30 Discussion

10:35 - 11:00 Coffee break

Current approach in corneal diseases (Be-Cornea) 11:00-12:30

INFECTIONS

11:00 Management of herpetic keratitis: Zoster Eye Disease Study
11:08 The role of corticosteroids in the management of bacterial
11:16 Treatment of Acanthamoeba keratitis:
11:24 Discussion

INFLAMMATIONS

11:30 Chronic cicatrizing conjunctivitis: diagnosis and management
11:38 Chemical Burns: management:
11:46 Cancer of the ocular surface: what should I refer?
11:54 Discussion

TRANSPLANTATION

12:00 CAIRS in Belgium
12:08 My patient has Fuchs dystrophy – can I do the cataract?
12:16 Corneal regeneration: stem cells, hydrogels and 3D bioprinting
12:24 Discussion

12:30 BSCRS General assembly

12.50 - 14:00 Lunch

Controversies and Innovations in Cataract and Refractive Surgery Current Approach in Corneal Diseases

Programme directors: Dr. Bart Pion, Dr. Sorcha Ni Dhubhghaill, Dr. Guy Sallet

Comparing Refractive Techniques for Presbyopia Management 14:00-15:00

14:00 Presbyopia correction with posterior-chamber phakic IOL
14:15 Corneal-based presbyopia correction and its application post-LASIK
14:30 Multifocal IOL: A debate on age and efficacy
14:45 Discussion

OBAO Free Paper Session : Overview of Belgian Anterior Segment Research 15:00-15:30

Free Papers

15:30 - 16:00 Coffee break

VIDEO SESSION: Crack the case: extreme cases and how to solve them 16:00-16:45

16:00 La lumière accepte bien de passer par de petites fenêtres ...
16:11 Phacolytic black cataract
16:22 Treatment of high post-traumatic astigmatism
16:33 Title TBC

16:45 Closing Remarks

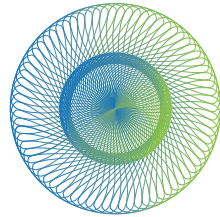

17:00 Farewell reception
